

### **Fundraising Updates**

Does your proposed fundraiser involve food? If so, please note that the SBSB has updated guidelines!

**As of the 2016-2017 school year, all foods sold through an SBSB fundraiser will follow USDA Smart Snacks Guidelines. These are USDA science-based standards of nutrition that we are required to follow throughout the school district to be in compliance with federal guidelines for public schools.**

More information is available on the Healthy Schools Wellness website: [www.sbschools.net](http://www.sbschools.net). Choose "Healthy Schools" from the left-hand menu, and choose "Wellness" from the drop-down menu.

Please send any and all questions to Healthy Schools Coordinator Susie Merrick at [smerrick@sbschools.net](mailto:smerrick@sbschools.net) or 652-7035. Thank you!
